## ALL CRAFT INCLUDING PADDLE BOARDS MUST HAVE A LICENCE

All river craft users, including paddle boarders, need to be registered and must hold a licence to use the River Stour.

Please keep to the main river route in either direction. You will need to carry your craft over the portage points beside the weir to follow the route.

The narrow stream in the Mill Lade is not a through route on the river. It is a dead end. Please respect the privacy of local residents.

**Stay Safe**

**Observe river safety guidelines at all times  
In case of accident, telephone 999.**
